Name	Gu Jin
Position	Lecturer, Electrical Engineering and Automation Shanghai-Hamburg College

Academic career	2000 – 2004 University of Science and Technology of China
	                        Bachelor of Electronic Science and Technology
	2004 – 2009 University of Science and Technology of China
	                        Ph.D. of Circuits and System

Employment	2009 – 2010 Senior Analytics Specialist
	                          Opera Solutions, New York
	2011 – Lecturer
	                          University of Shanghai for Science and Technology

Research and development projects over the last 5 years	- (Research on Practical Teaching of Internationalized Electrical Engineering Courses. Funded by Shanghai government (50,000RMB) 01/12-12/14 - Research on Digital System Design. Funded by enterprise(45,000RMB) 06/12-12/15
Industrial collaborations over the last 5 years	
Patents and proprietary rights	
Important publications over the last 5 years	- GU Jin, Wang Bao-yun, New Nonnegative Matrix Factorization for Signal Representation. Journal of Chinese Computer Systems. 2015,36(7): 1649-1653 - GU Jin, GUO Li, ZHENG Dong-fei . A robust speech authentication algorithm based on perceptual characteristics. Journal of University of Chinese Academy of Sciences. 2012,26(4):474-482
Activities in specialist bodies over the last 5 years	- Secretary General of Shanghai University of Science and Technology of China Alumni Association. 2013-2018
